19 Farryl Purkiss

Strummer boy New entry

We're not surprised Farryl's one of the highest new entries on this year's chart. Not only is the Capetonian folk-singing sensation easy on the eye, he is also übersuccessful. His music has already been released in Australia, Japan and Europe, so he's almost always touring abroad. And when he's at home he's mingling with A-listers like Leonardo di Caprio. We're sold!
