WHAT DO YOUR LIVE MUSIC  
TASTES SAY ABOUT YOU?  
TAKE THIS FUN COSMO  
ROCKS QUIZ TO FIND OUT.  
BY NADIA NEOPHYTOU

Not too long ago local music festivals involved a handful of artists playing on a makeshift stage, with a boerewors roll for breakfast and one or two Portaloos around. But the festival scene has grown (even if the Portaloos haven't!), and rocking out to your favourite local tunes these days is just a matter of music choice and mileage. Take this quiz to find out which festival you should be heading to in 2009 – if you haven't already been marking the days off on your calendar!

## 1. IT'S A SATURDAY NIGHT. YOU'RE MOST LIKELY TO BE FOUND:

- A** Listening to hot newcomers Zebra & Giraffe performing one of their first gigs live.
- B** Catching the biggest party of the year with top DJs such as Khenzero and DJ Euphonik and the best bands, such as BLK JKS, 340ml and MaxNormal.TV.
- C** Sitting around a braai with some close friends and a guitar.
- D** Hitting the dance floor to booty shake to Katy Perry's *I Kissed A Girl* – it's all over the radio!

## 2. THE LOCAL MUSO YOU'D MOST LIKE TO DATE IS:

- A** Farryl Purkiss, a surfer who can sing – it's a no-brainer!
- B** Tiago Paulo from 340ml – he's cute but he also cares, having played a number of charity gigs with his band.
- C** Guitarist Albert Frost (he used to work with Arno Carstens) – his mastery of the instrument leaves you with goose bumps.
- D** Loyiso – you've heard him on radio and seen him on TV – he's the whole package!

## 3. YOUR FAVOURITE BAND IS PLAYING ON STAGE, SO YOU:

- A** Stand in the middle of the crowd with your friends getting swept up in the excitement.
- B** Throw your bra on stage and order the band members (...er, what were their names again?) shots of tequila.
